His cheerful demeanour makes his unsettling sense of humour and unpredictable magic all the more surprising.

BACKSTORY & PERSONALITY

Nobody knows exactly how Andre Wahlafell Jon Popoto came to be. Not even Andre.
He remembers two lives that ended before his current one began--or thinks he does.

The first belonged to Andre, a rogue who survived through a dragon ritual in with his interesting companies. One companion decided to hold a lava hot dragon egg. Another could not hit anything to save his life. He shared many wonderful memories with his twin.

The second belonged to Jon, a Dungeon Master. Jon remembered imaginary worlds, monsters with weaknesses, heroes facing impossible odds, dice determining fate, and people gathered around a table creating adventures. He remembered rules that governed reality and stories that always seemed to be heading toward an ending.

But the memories are fragmented, like dreams that fade whenever he tries to examine them too closely. Sometimes they contradict one another. Sometimes he remembers things he has
