CLASS FEATURES

Martial Arts

Your practice of martial arts gives you mastery of combat styles that use your Unarmed Strike and Monk weapons, which are Simple Melee weapons and Martial Melee weapons that have the Light property. You gain the following benefits while you are unarmed or wielding only Monk weapons and you aren't wearing armor or wielding a Shield.

Bonus Unarmed Strike. You can make an Unarmed Strike as a Bonus Action.

Martial Arts Die. You can roll 1d6 in place of the normal damage of your Unarmed Strike or Monk weapons. This die changes as you gain Monk levels: d8 at level 5, d10 at level 11, d12 at level 17.

Dexterous Attacks. You can use your Dexterity modifier instead of your Strength modifier for the attack and damage rolls of your Unarmed Strikes and Monk weapons. In addition, when you use the Grapple or Shove option of your Unarmed Strike, you can use your Dexterity modifier instead of your Strength modifier to determine the save DC.

Unarmored Defense

While you aren't wearing armor or wielding a Shield, your base Armor Class equals 10 plus your Dexterity and Wisdom modifiers.

Monk's Focus

Your focus and martial training allow you to harness a well of extraordinary energy within yourself. Your Monk level determines the number of Focus Points you have. You regain all expended points when you finish a Short or Long Rest. Some features that use Focus Points require your target to make a saving throw (DC = 8 + your Wisdom modifier + your Proficiency Bonus).

Flurry of Blows. You can expend 1 Focus Point to make two Unarmed Strikes as a Bonus Action.

Patient Defense. You can take the Disengage action as a Bonus Action. Alternatively, you can expend 1 Focus Point to take both the Disengage and the Dodge actions as a Bonus Action.

Step of the Wind. You can take the Dash action as a Bonus Action. Alternatively, you can expend 1 Focus Point to take both the Disengage and Dash actions as a Bonus Action, and your jump distance is doubled for the turn.

Unarmored Movement

Your Speed increases by 10 feet while you aren't wearing armor or wielding a Shield. This bonus increases as you gain Monk levels: 15 ft at level 6, 20 ft at level 10, 25 ft at level 14, 30 ft at level 18.

Uncanny Metabolism

When you roll Initiative, you can regain all expended Focus Points. When you do so, roll your Martial Arts die, and regain a number of Hit Points equal to your Monk level plus the number rolled. Once you use this feature, you can't use it again until you finish a Long Rest.

Deflect Attacks

When an attack roll hits you and its damage includes Bludgeoning, Piercing, or Slashing damage, you can take a Reaction to reduce the attack's total damage against you. The reduction equals 1d10 plus your Dexterity modifier and Monk level.

If you reduce the damage to 0, you can expend 1 Focus Point to redirect some of the attack's force. If you do so, choose a creature you can see within 5 feet of yourself if the attack was a melee attack or a creature you can see within 60 feet of yourself that isn't behind Total Cover if the attack was a ranged attack. That creature must succeed on a Dexterity saving throw or take damage equal to two rolls of your Martial Arts die plus your Dexterity modifier. The damage is the same type dealt by the attack.

SPECIES TRAITS

Giant Ancestry: Hill's Tumble: When you hit a Large or smaller creature with an attack roll and deal damage to it, you can give that target the Prone condition.

You are descended from Giants. Choose one of the following benefits - a supernatural boon from your ancestry; you can use the chosen benefit a number of times equal to your Proficiency Bonus, and you regain all expended uses when you finish a Long Rest.

Large Form

Starting at character level 5, you can change your size to Large as a Bonus Action if you're in a big enough space. This transformation lasts for 10 minutes or until you end it (no action required). For that duration, you have Advantage on Strength checks, and your Speed increases by 10 feet. Once you use this trait, you can't use it again until you finish a Long Rest.

Powerful Build

You have Advantage on any ability check you make to end the Grappled condition. You also count as one size larger when determining your carrying capacity.

FEATS

Tavern Brawler

Accustomed to brawling, you gain the following benefits:

Enhanced Unarmed Strike. When you hit with your Unarmed Strike and deal damage, you can deal Bludgeoning damage equal to 1d4 plus your Strength modifier instead of the normal damage of an Unarmed Strike.

Damage Rerolls. Whenever you roll a damage die for your Unarmed Strike, you can reroll the die if it rolls a 1, and you must use the new roll.

Improvised Weaponry. You have proficiency with improvised weapons.

Push. When you hit a creature with an Unarmed Strike as part of the Attack action on your turn, you can deal damage to the target and also push it 5 feet away from you. You can use this benefit only once per turn.
